Yeh guide un logon ke liye hai jo bilkul shuru se product reselling business start karna chahte hain aur akelay kaam karna chahte hain. Main aapko seedha step-by-step simple lafzon mein samjhata hoon.

1. Product Research (Kya Bechna Hai)

Sabse pehle decide karein ke aap kya bechna chahte hain. Market aur online platforms jaise Daraz, Facebook Marketplace, TikTok Shop pe dekhein ke kaunse products zyada bik rahe hain. Aap demand wale products choose karein jisme competition kam ho aur profit margin kam se kam 30% ho.

2. Stock Purchase (Samaan Lena)

Jab product decide ho jaye to chhoti quantity me saman kharidein. Iske liye aap wholesale markets (Saddar, Shah Alam, Raja Bazaar) ya online wholesalers (wholesale.pk, Alibaba) ka use kar sakte hain. Shuruat me 3-5 products ka stock lein.

3. Listing & Marketing (Online Dikhana)

Products ki clear photos aur short videos banayein. Daraz Seller Center, Facebook Marketplace, Instagram Shop, aur TikTok pe apne products list karein. Achhi description likhein jisme product ke benefits aur uses clear ho.

4. Orders Process (Delivery Karna)

Jab order aaye to saman safely pack karein aur courier service (TCS, Leopard, BlueEx) se bhejin. Shuru me Cash on Delivery rakhein kyunke customers trust karte hain.

5. Profit Track (Munafa Record Karna)

Har sale ka record rakhein — kitne me liya, kitne me becha, kitna profit hua. Ye aap simple notebook ya Excel sheet me likh sakte hain. Isse aapko pata chalega ke kaunsa product zyada profit de raha hai.
